Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Occupational and Environmental Medicine (ACOEM) and the Tri-State Occupational Medicine Association (TSOMA). The ACOEM is accredited by the ACCME to provide continuing medical education to physicians.

"The American College of Occupational and Environmental Medicine designates this live educational activity for a maximum of 15.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity."

ACPM Maintenance of Certification (MOC) credits approved

Conference Schedule

Friday October 2, 2015

8:00-11:00 Polymer Production: Tour of University of Akron National Polymer Innovation Center, 240 South Forge Street, Akron, 44235(transportation will not be provided)

3.0 hours of CME credit

Faculty: Norb Schutte, MD, MPH

11:00-12:00 Registration

12:00-1:30 Sleep Disorders In The Working Population: Impact, Diagnosis & Management

Faculty: James Brue, MD

- ◆ Discuss the epidemiology of sleep disorders in the working population
- ◆ Discuss risk factors associated with OSA.
- ◆ Discuss recognized screening and diagnostic tools for OSA.

1:30-1:45 Break

1:45-3:00 Reproductive and Other Hazards in Health Care Facilities

Faculty: Thomas Connors, PhD

- ◆ Identify types of reproductive hazards associated with healthcare workers.

3:00-3:15 Implementation of a Hazardous Drug Program in a Healthcare Facility

Faculty: Beth Mease, MD

- ◆ Discuss the various protective interventions including the use of engineering and administrative controls
- ◆ Discuss the role of surveillance in healthcare worker

3:15-3:30 Break

3:30-5:00 Assessment and Management of Acute Knee Injuries In The Era of Value Based Payments

Faculty: Morgan Jones, MD

- ◆ Demonstrate various components of a knee exam and common conditions associated with abnormalities.
- ◆ Discuss current recommended treatment and testing strategies associated with such knee injuries
- ◆ Estimate duration and severity of disability associated with common occupational knee injuries

Saturday October 3, 2015

7:30-8:00 Registration

8:15-9:30 The Role of Biomarkers in Treatment Alcohol Abuse Disorders

Faculty Thomas Jetzer, MD

- ◆ Describe current categories and characteristics of alcohol biomarkers
- ◆ Discuss current uses and measurements of
- ◆ Biomarkers
- ◆ Discuss strategies for use of these biomarkers in monitoring abstinences of individuals with alcohol abuse disorders

9:45-11:00 Health Risks in Nanotechnology Production

Faculty: Dale Porter, PHD

- ◆ Discuss the various steps in manufacturing of nanotechnology
- ◆ Discuss the injuries that occurred with nanotechnology productions

11:00-11:15 Break

1:15-12:30 Risks With Opiate Use and Misuse: Risks Associated With Long-Term Use Of Opiates and Benzodiazepines

Faculty: David Randolph

- ◆ Discuss medical risk associated with usage of long term narcotic and other controlled substances
- ◆ Identify strategies to minimize the risks (with usage of long term narcotic and other controlled substances).

12:30-1:30 Lunch Served and Business meeting

1:30-3:00 Complex Regional Pain Syndrome: Does this Patient Truly Have this Diagnosis

Faculty: Dave Randolph, MD

- ◆ Discuss accepted criteria for making the diagnosis of CRPS.
- ◆ Document pertinent clinical information and findings to support or refute the diagnosis of CRPS.
- ◆ Discuss treatment strategies for CRPS to minimize disability

3:00-3:15 Break

3:15-5:00 Fitness For Duty Evaluations In Safety Sensitive Population

Faculty: Elizabeth Mease, MD & Norb Schutte, MD, MMPH

- ◆ Discuss appropriate monitoring of these safety sensitive positions
- ◆ Utilize current medical literature and peer review guidelines in assessing workers performing safety sensitive for medical behavioral health, and orthopedic conditions
- ◆ Recognize risks and stresses associated with safety-sensitive positions

5:00-5:10 Completion of Forms: MOC Questions
